## IDEAL SCENARIOS FOR YOUR WEDDING ENTERTAINMENT WITH MING DA

### During the Photos or Reception

Wedding photos are traditionally taken during the banquet when the bride and groom go from table to table to take pictures with their guests. As this can take quite some time and doesn't always involve every table, Ming Da uses this opportunity to perform his outstanding up-close magic around the room.

## The Evening Reception

The Evening Reception often takes a long time to get started. As the dinner is prepared, guests find their seating arrangements and the various parties arrive, this is the perfect time to have Ming Da entertain the waiting attendees with his captivating up-close magic and refined sense of humour.

## A Customised Performance for the Married Couple - On-Stage or Close-Up

Wedding magic is not complete without a special show for the bride and groom. Meticulously crafted to celebrate the romance and celebratory nature of the couple's union, Ming Da's customized wedding performance create smiles and laughter around the room, ensuring all the guests and the newlyweds have a fond memory to cherish from the wedding.
